

## Camp Herrlich Short Form

Camp Herrlich is a not for profit children's camp comprised of individuals who truly believe that Camp Herrlich, in all its programs, changes lives. We provide quality programming to children from all walks of life, from summer sleepaway camp for underprivileged children from New York City to school age child care and day camp for children of working parents, to outdoor education and team building for all ages to help

Camp Herrlich is entrenched in the community and has an impeccable reputation. We strive to enrich our community through reaching the children in our programs. We build character, teach important 21st century skills, and make learning hands on and interactive. We allow kids to play and have fun in a structured, safe environment. We encourage positive problem solving and conflict resolution not only in our campers but also in our staff.

We are diverse in our program offerings and respond to needs in our community. We partner with community organizations and public and private schools to fill the needs of their children. We are a completely inclusionary experience for campers. We work with kids with all different levels of developmental need. "Typical" kids are in the same groups as kids with ADHD or kids on the autism spectrum and everyone benefits from learning about how different people can get along.

Our staff is full of passionate people who go above and beyond the call of duty to serve our campers. We feel it is a privilege to watch them grow and go on to wonderful things in their own lives.

Why Camp Herrlich?

Because Camp allows kids to be kids.

Because the skills our staff learn at Camp go with them through the rest of their lives.

Because Nature needs to be an important part of the lives of all children.

Because opportunities for play and recreation during school time are so limited.

Because we can help kids overcome their social and emotional challenges.

Because all kids deserve the chance to come to Camp.
